

Message from your Admin Team

Here we go again... a new year is upon us! We always look so forward to the month of January as it proves to be the best month for getting so much accomplished in the classroom. The students are encouraged to get right to work on focusing on their second term academic goals, as it is amazing how quickly second term report cards come upon us. After all the fun and relaxation over the holidays, which in many households included a shift in the nighttime routine of their children, we strongly suggest that you work diligently to get your children to bed early enough at night so that they can perform to the best of their ability the next day. We know that a lack of sleep can also cause also interfere with our ability to focus. We will also be looking for your support with establishing those 'school day' routines that most children have slipped out of over the break. January and February are two solid months of hard work and lots of curriculum minded activities. We have only 1 extended break – a Professional Development Day backed with Family Day, and very few disruptions. January is a great time to build some momentum in our learning - a recipe for learning success.

New Year's Resolution - We are asking parents to please make arriving to school early a priority this New Year. The morning routines in classes are a critical part of the day, allowing students to connect with their peers as they prepare for the day as well as complete valuable activities. Arriving to school on time, ensures that your child feels part of the school community and sets the tone for learning.

Thank You - A great big THANK YOU to Primary Music Teacher **Rebecca Carr** for directing our Primary Winter Concert. It was a great success. Thanks also to all the teachers, staff, **Mme Catton** and our Grade 5 Leadership Students for helping support the performance. We have received a great deal of positive feedback from students, parents, and staff! The variety of the performances really stood out! Thank you to all the families and students for participating and thank you again to our PAC for supplying the hot chocolate and goodies!

Mr. J. Minkus and Ms. T. Kuzik

Zoom ID: 6722650089

Do you have a child starting
Kindergarten in September 2025?

Are you interested in
learning more about the
French Immersion program?

The French Immersion program accepts 5 and 6 year-olds at the beginning of their formal schooling. French Immersion is intended for non-French speaking students who wish to develop a high level of proficiency in both official languages. Students enrolled in French Immersion learn the same BC curriculum as students in the English-language program. The major distinction between the English-language program and French Immersion is that the language of instruction and communication in the immersion component is French. French Immersion is a program that can offer your child: a fun, effective and challenging way to learn French at an early age, the opportunity to learn the same curriculum as the regular English program, in French; an opportunity to participate in rich French cultural learning experiences; a bilingual future.

HUMAN EARLY LEARNING PARTNERSHIP

THE MIDDLE YEARS DEVELOPMENT INSTRUMENT (MDI) IS COMING TO YOUR SCHOOL IN JANUARY!

Central Okanagan Public Schools has partnered with the Human Early Learning Partnership (HELP) at the University of British Columbia to measure and promote children's social and emotional development, health, well-being, and assets through the Middle Year Development Instrument (MDI). The Middle Years Development Instrument (MDI) is a self-report questionnaire that asks children in middle childhood about their thoughts, feelings, and experiences. The MDI is the first survey of its kind to gather information about the lives of children both in school, in the home and in the community, from their own perspective. The survey questions align with the BC Ministry of Education's K-12 curriculum, which includes a focus on promoting children's personal and social competencies. Grade 5 students are invited to complete the MDI during class time between January 15th and March 15, 2024.

For more information and to view the questionnaires:

Parent FAQs:

<https://earlylearning.ubc.ca/monitoring-system/mdi/parent-caregiver-info/>

If you don't want your child to participate, please contact your child's teacher, fill out the withdrawal form at the end of the parent/guardian informed passive consent letter, or contact the MDI project staff at mdi@help.ubc.ca.

PGE Squads

Thank you to **Dana Guthrie, Christy Catton**, and the Grade 5 Leadership Students for an awesome first Squads gathering. Squads, or 'Family Groupings' as sometimes called in schools refers to the practice of grouping students from different age groups and grade levels together, often for certain activities or learning experiences. The benefits of family groupings in schools include:

Promotes Peer Mentoring and Leadership

- Older students serve as role models and mentors for younger ones, fostering a sense of responsibility and leadership.
- Younger students can learn from the experiences of older peers, which can boost their confidence and academic growth.
- This mentoring dynamic helps develop communication and social skills among all students.

Encourages a Supportive Community

- Students develop closer bonds with peers across different age groups, creating a sense of belonging, togetherness, and a supportive school environment.
- The mixed-age group allows for stronger relationships, as students interact more regularly with a wider variety of classmates. This promotes acceptance and inclusion regardless of physical appearance, skin colour, ethnicity, culture, and gender orientation.

Improves Social Skills and Emotional Development

- Family groupings promote empathy, cooperation, and conflict resolution as students work together and interact across different age groups.

Cold Weather Guidelines

With the cold weather arriving, we wanted to remind parents of the following:

Clothing – The Okanagan Valley has temperatures that frequently go below -15 degrees Celsius. Students need to be dressed for cold weather. Because staying inside is not an option, it is critical that students arrive at school each day prepared for cold weather. Students dressed for cold weather have a warm coat with a hood or a toque, gloves or mittens and warm boots. For those students who like to play a lot in the snow, snow pants are recommended as they will help keep students dry. Students and parents should check the local forecast for up-to-date weather information. Students must be dressed appropriately so that they remain safe and comfortable during the following times:

- Outside playtime before and after school
- Lunchtime playtime
- Recess
- Fire Drills (conducted at all temperatures)
- Bus breakdowns
- Unscheduled and scheduled outside breaks and learning experiences

Snowballs/Snow – a reminder to all students that throwing snow or snowballs is not allowed. So that everyone can have fun and stay safe while playing outside, please reinforce with your children the importance of not throwing or kicking snow. Students will be encouraged to build something with snow but not to throw or kick it.

Icy Conditions - one of the biggest challenges in winter is navigating in icy conditions. Please take extra care outside especially around steps and corners. Also, students should be respectful of other students who are building snow sculptures. Please do not do anything to damage something that another student has taken the time to build.

School Based Team

As a parent, you may be invited to a School Based Team (SBT) meeting. The SBT is a group of school-based personnel who work collaboratively with parents to best support their children in developing their academic and social/emotional skill set and by suggesting, providing, and implementing variety supports and strategies.

Who is on the team?

The SBT includes the following members:

- Principal and/or Vice Principal
- Learning Assistance Teacher (SBT chair)
- Classroom Teacher
- Parent/Guardian

Often the SBT can also include:

- School Counselor
- Speech Language Pathologist

On a case-by-case basis the SBT can include:

- Inclusion Teacher
- Indigenous Advocate
- Outside community support (pediatrician/therapist etc.)
- District Student Support Services staff

At the SBT meeting, we will discuss what is working well for your child, highlight areas of continued growth, review any background history and brainstorm ideas of possible supports to be put into action. Please connect with Danielle Petryshyn (LAT and SBT Chair), if you have any questions. EMAIL: danielle.petryshyn@sd23.bc.ca)
