

École Peter Greer Elementary
CODE OF CONDUCT

TO THE STUDENTS:

The purpose of this Code of Conduct is so all students can learn in a safe environment. At Peter Greer Elementary School, all students are expected to exhibit a commitment to learning and to achieving success. We have guidelines for appropriate student behaviour which reflect the school's philosophy of rights, responsibilities and respect. The guidelines show that you are expected to take personal responsibility for your behaviour. This responsibility applies not only to your academic duties, but also to your use and care of school facilities, equipment, textbooks and supplies. Each responsible student contributes to the well-being and success of everyone at Peter Greer Elementary, where you can make learning meaningful yet fun.

TO THE PARENTS:

We want all students to be fully informed of their responsibilities at Peter Greer Elementary School. We try to ensure that in all cases, students will be treated in a fair manner by being kept fully informed of an incident, change or outcome which affects them. We have a consistent approach to school discipline; thus rules will be applied as the situation and cumulative behaviour warrants. We try to be firm and fair with decisions which result from complete fact-finding and communication with all parties concerned. The Code of Conduct will be communicated to students and parents at regular intervals (i.e. assemblies, newsletters, new student information, parent handbook, class discussions, and the front pages of their student agendas)

Peter Greer Elementary School promotes the values expressed in the **BC Human Rights Code** respecting the rights of all individuals in accordance with the law – prohibiting discrimination based on race, colour, ancestry, place of origin, religion, marital status, physical or mental disability, gender, gender identity and expression, discrimination in accommodation, service and facility in the school environment.

Second Time: Students will be assigned a longer penalty in the "penalty box" and a note or email home will be sent to a parent/guardian.

Third Time: Parents will be contacted to come to the school to take student home for the remainder of the day and/or a portion of the next day depending on the time of the infraction. The Principal or Vice Principal will contact the parents to discuss a re-entry plan to the school and classroom.

RESPONSIBLE STUDENT USE OF PERSONAL TECHNOLOGY DEVICES, SCHOOL TECHNOLOGY, AND DISTRICT NETWORK SERVICES

Student use of personal digital devices (any device used to communicate and/or access the internet), school technology, and district networks at school is for educational purposes. Students must abide by the school's Code of Conduct and procedures, as well as Central Okanagan Public Schools Policy 486: Student Use of Network Services and Digital Technologies. Students will:

- Secure, power off and store personal digital devices during instructional (i.e. class time) and non-instructional time (i.e. breaks/lunch) at Elementary schools unless instructed by the Principal or school staff;
- Use personal digital devices during instructional time for instructional purposes and digital literacy skills as instructed by the Principal or school staff;
- Ensure personal digital devices are not used in areas where privacy is expected, such as restrooms and change rooms;
- Be permitted to use personal digital devices to support accessibility, accommodations, medical and health needs;
- Always take precautions to ensure online safety, privacy, and security;
- Treat others with respect and kindness when using digital devices and district network services;
- Always use digital devices and district network services responsibly and with academic integrity.

Schools will ensure that all students have equitable and developmentally appropriate access to technology to meet curricular requirements. Students are not required to have their own personal digital device or cellphone at school.

The use of personal digital devices, school technology, and district networks is a privilege. Staff may revoke a student's access to devices because of inappropriate student conduct.

Violations of the school code of conduct could result in appropriate restorative processes or disciplinary actions including suspension and police intervention.

TRAVELING TO AND FROM SCHOOL

Students are expected to conduct themselves in accordance with the code of conduct of the school while traveling to and from school. Students who contravene the code of conduct while traveling to and from school in circumstances which adversely impact on the rights of other students or the learning atmosphere of the school may be subject to discipline.

SCHOOL NEIGHBOURS

Students are expected to conduct themselves as responsible members of the neighborhood within which the school is located. Students must be courteous to the families living in the school neighborhood and respectful of their property. Students who engage in conduct which disturbs, disrupts or damages the persons or property of the school neighborhood (which has “direct and immediate effect on the general welfare of the school”) may be subject to discipline.

DISCIPLINE

Each offense will be dealt with individually depending upon its severity, circumstance and history. Students should have input at all stages and should be made aware of their responsibility for their own actions and behavior. School District policy states that the Principal, in consultation with Teachers, must use discretion in determining the seriousness of the situation and in deciding upon consequences, including suspensions. **The following factors are considered when assigning discipline and suspensions:**

- the student's age and maturity level
- the intent of the behavior – was it malicious or designed to inflict harm (a formal threat assessment protocol may be used)
- the severity, intensity and frequency of the behavior
- the student's previous record involving similar behaviors
- the student's level of cooperation in the investigation
- the student's level of remorse
- the student's cognitive functioning – were they aware of what they were doing and the possible impacts to others and the school? Is the students a designated special needs student?
- were previous school-based interventions implemented (counseling or in-school suspension)

The Principal must also ensure appropriate supports are provided to students who violate the code. This policy dictates that schools would be remiss in having a 'one size fits all' consequence for behavior. There will be consequences that will not be suitable or effective for some students. If the child is recorded several times in the behavior tracking tool, parents will be contacted as outlined in our School District policy regarding "Discipline". A joint parent-Principal-Teacher plan may be developed at this time to help the child. Students may be asked to complete a restitution plan. Continued problems will be dealt with according to the School Act and or School District policy which usually would mean a "suspension" (i.e.: definite - up to 10 school days or indefinite - in excess of 10 school days) (refer to School District #23 Policy and Procedures Regulation 5600). A copy of this policy will be provided upon request at the school office or by pointing your browser to: <http://www.sd23.bc.ca/Board/Policies/Section%204%20%20Students/455R.pdf>

Every report of misbehavior, no matter how minor, has a consequence. Moderate and severe misbehaviors and repeated minor misbehaviors are also documented in the office, especially in cases where student safety is a concern. You may not be privy to that information as matters of discipline are confidential under privacy laws. In some cases, where a student is injured as a result of a physical altercation with another student, a report to the school's insurance provider may be filed.
